## Wanted Posters

Print and cut out several copies of this Wanted Poster pattern.

If you have a Polaroid camera, or a digital camera and printer, dress children in western outlaw garb, set up a "Sheriff's office" and photograph the "outlaws". Tape of glue the pictures to the center of the posters.

If you do not have a camera, children can draw their own pictures in the blank space in the middle of the poster.

Color the poster, write in the name, and make up a goofy crime such as "Suspected of stealing his sister's cornflakes."
